Thanks Tim. In general, I would like to be a recurring presence at NVRA (what can I say, I love I-66). I'm still on covid quarantine the rest of this week, but can we find a day next week when y'all are around for a quick chat? Zero complaints on current resources, just think we should always have a line of communication open to discuss any issues percolating through our various chains.

Thanks
tw

Thomas,

Sorry for the delay. We are slowly crawling out from underneath the USSS matter. Thank you for the update. I'm committed to seeing this case move smartly forward. On resources, if you would like to sit down together with Blaire to discuss, let us know.

Tim – thanks for the email and the continued support. We are going to need substantial analytical resources to make it quickly and efficiently through the data we already have obtained, with an eye toward prompt, numerous search warrants. It's a great team, the agents have a plan, and I will continue to rely on you and Blaire to the extent the agents need more bodies.

Thanks and I hope you had a good weekend,
tw

Thomas,

I'm looking forward to seeing this case progress. The case will be prioritized over all others in the Branch. Thank you for your patience, it frankly took too long for us to open this.

Have a nice weekend!

Tim and Blaire –

Congratulations on getting the case opened. I'm looking forward to working with this excellent team. I understand that another case has taken a substantial amount of WFO resources, including the agent/analyst team on this case. Can we speak for a few minutes tomorrow so I can get a sense of how much longer the other case (with which I am familiar) will be absorbing resources? I'm generally free from 9am til around 1pm, and have some but less availability thereafter.

Thanks
