The Honorable William J. Burns
Director
Central Intelligence Agency
1000 Colonial Farm Rd.
Langley, VA 22101

Director Burns:

We write in response to the whistleblower allegations recently disclosed by the House Select Subcommittee on the Coronavirus Pandemic (Select Subcommittee) and House Permanent Select Committee on Intelligence (HPSCI) related to the Central Intelligence Agency's investigation into the origins of COVID-19.¹ According to Chariman Wenstrup and Chairman Turner:

A multi-decade, senior-level, current Agency officer has come forward to provide information to the [Select Subcommittee and HPSCI] regarding the Agency's analysis into the origins of COVID-19. According to the whistleblower, the Agency assigned seven officers to a COVID Discovery Team (Team). The Team consisted of multi-disciplinary and experienced officers with significant scientific expertise. According to the whistleblower, at the end of its review, six of the seven members of the Team believed the intelligence and science were sufficient to make a low confidence assessment that COVID-19 originated from a laboratory in Wuhan, China. The seventh member of the Team, who also happened to be the most senior, was the lone officer to believe COVID-19 originated through zoonosis. The whistleblower further contends that to come to the eventual public determination of uncertainty, the other six members were given a significant monetary incentive to change their position.²

These allegations are deeply concerning and raise serious questions about the Agency's investigation into the origins of the COVID-19 pandemic. For this reason, we request you provide our offices with the following information no later than September 25, 2023:

1. All documents and communications regarding the establishment of all iterations of the COVID Discovery Team(s);
